

Sports Medicine & Physio Expert

Module 4

Bone Stress Injuries & Fracture Management

Module Overview

This module is part of the **Sports Medicine & Physio Expert** offered by Royal Fitness Club Academy. In this module, you will explore the key concepts and practical applications essential to your fitness education journey.

Topics Covered in This Module

1. Bone remodeling and the stress fracture continuum
2. High-risk vs low-risk stress fracture sites
3. MRI grading of bone stress injuries (Fredericson scale)
4. Relative Energy Deficiency in Sport (RED-S) and bone health
5. Femoral neck stress fracture: a surgical emergency
6. Return-to-running protocols after tibial stress fractures

Learning Objectives

- ✓ Understand and articulate the core concepts presented in this module.
- ✓ Apply the knowledge gained to real-world fitness and coaching scenarios.
- ✓ Critically evaluate evidence and best practices in this topic area.
- ✓ Complete the module assessment with a minimum score of 70% to earn your RFC Certificate.
