

Sports Medicine & Physio Expert
Module 2

Imaging in Sports Medicine — X-Ray, MRI, Ultrasound

Module Overview

This module is part of the **Sports Medicine & Physio Expert** offered by Royal Fitness Club Academy. In this module, you will explore the key concepts and practical applications essential to your fitness education journey.

Topics Covered in This Module

1. X-ray interpretation: fractures, bone density, alignment
2. MRI sequences: T1, T2, STIR — what each shows
3. Muscle tears: grade I, II, III on MRI
4. Tendon pathology on ultrasound: hypoechoic zones
5. Cartilage evaluation: MOAKS scoring system
6. When imaging is and is not needed

Learning Objectives

- ✓ Understand and articulate the core concepts presented in this module.
- ✓ Apply the knowledge gained to real-world fitness and coaching scenarios.
- ✓ Critically evaluate evidence and best practices in this topic area.
- ✓ Complete the module assessment with a minimum score of 70% to earn your RFC Certificate.
